The Dy Comr, Kolar Dist. No 2031/198 dt 27.10.04 states that copies of the office No 6930-7 dt 18/6/1904 have been circulated LR 126-03 to all the Amildars so that they may bear in mind as far as possible the spirit of the representation made by the Representative Assembly in dealing with cases where the objectionable practice of storing manure against sanitary principles prevails in any village in their Taluks.

The Dy Comr of the Hassan Dist. No 250 dt 5-10-1904.

states that Circular orders have been issued to the Amildars thro' the Divisional Officers to select places for storing manure in villages having regard to rule 14 of Section II of the Village Sanitation Rules.

The Dy Comr of the Kadur Dist. No 176 dt 10th Sept 1904

all the villages in the Distt into which the Village Sanitation Rules have been introduced, the villagers are reported to be in the habit of removing manure to their own fields.

The Deputy Commissioner, Shimoga Distt No 349/233 dt 17.10.1904.

Reports that the Amildars, except that of the Chennageri & Sorab Taluks, and the Dy Amildar of Kumsi report that places for storing manures have not been selected in villages & that the reports of the Amildars of the Chennageri & Sorab Taluks have not been received.

The Dy Comr of the Chitaldroog Distt C. No 178 19th Oct 1904. states that some progress has been made in selecting spots & sites in villages for storing manure & that it is only in places where the latter has been done that prosecutions under the Village Sanitation Rules are instituted in the District.

The Deputy Commissioner, Mysore Distt No 686 dt 30.12.1905. suggests that every village may have a place for storing manure wherein a specified plot may be allotted to store his manure and that when separate lands are thus assigned,

the manure may be stored in that place or in the holding of the raiyah outside the village boundary.

At the Representative Assembly of 1903 Mr K. Ramanujayangar of the Gubbi Taluk represented (Subject No 77) that in villages where places for storing manure have not been selected in accordance with the Village Sanitation Rules, prosecution under the said rules may be stayed till such selections are made. His attention of the Dy Comrs was drawn to the above representation in this Office Docket No 4930-7 DZ 126-03 of the 18th June 1904. In the above communications they report the action taken in the matter. The Shimoga Dy Comr's report does not furnish the information re. the Chennagiri and Sorab Talukas.

2. Rule 14 of Sec III of the Village Sanitation Rules requires that all filth, rubbish or other impure matter collected within the village boundary should be removed daily or at other intervals as prescribed by the Municipal or District Board, either to a field or to a place set apart for the same, and situated at a safe and sufficient distance

GPB—50,000—23 10-05

outside the village boundary on the side away from the prevailing winds. From the above communications it would appear that in no District places had been set apart for storing manure. The Bhatalorong Dy Comr reports that procurtin is resorted to only in cases in which lands have been set apart for storing manure appears to be vague. It is not known whether the practice of removing the manure to the fields obtains in the Lunkun Distt is unobjectionable. In this case 2 conditions have viz (1) that the field is situated at a safe and sufficient distance outside the village boundary & (2) that the manu is stored on the side away from the prevailing winds, have to be satisfied Why the Mupore Dy Comr now suggests for the consideration of Govt that every villag may have a place for storing manure, wherein a specified place may be allotted to each raiyat to store his manure is not understood, as under Rule 14 of Sec III of the Village Sanitation Rules it is obligatory that places for storing manure should be specially set

Sir,

With reference to your No 4930-37 dated 18th June 1904, enquiring what action has been taken in the matter of allotting places for storing manure in villages, I have the honor to state that orders have been already issued to the several Amildars in this District, and some progress has accordingly been made in setting apart sites in villages for storing manure. It is only in places where the latter has been done that prosecutions under the Village Sanitation Rules are instituted in this District.

Sir,

With reference to your docket
No. 4930-7 / LA 126-03 of the 18th June 1904, in-
viting attention to subject no. 77
of the Dasara Representative Assembly
Proceedings of 1903 regarding the places
for storing manure, I have the honor
to state that para 4 of section III
of the Village Sanitation Rules of 1898
forbids the deposit of filth rubbish
or other impure matter within the
boundary of a Village except in places
assigned for this purpose. From
this, it follows that places should

be specially allotted for stores/
manure At present every village
has a number of manure-pits within
its boundary and steps are taken
to close them up, separate places
will have to be provided for I would
therefore beg to submit for the kind
consideration of Government that
every village may have a place for
stores/manure wherein a selected
place may be allotted to each raiyat
to store his manure. When separate
yards are thus assigned, manure
may be stored either in their houses
or in the holding of the raiyat out-
side the village boundary.
